

Update March 2025

As the diocese of Cyangugu keeps growing, new parishes are created and we want every parish to have a good strong house for their pastor and his family. We are blessed with a good and faithful builder {John} and we trust each other. So I will do my very best to raise **£16,000** for each house. The three guest houses are working well and generating the funds to run the diocese {salaries, vehicles, water, power}, but not enough for capital building. The government has very strict rules about church buildings, so many poorly built are closed down. The government also requires a pastor in charge of a parish to have a degree in Theology, so we are currently sponsoring a number of them at the universities of the East African Christian College in Kigali and the Bishop Barham University in Kabale {Uganda}. Training pastors and giving them safe accommodation is our current project. I am so very grateful for funds from MAG which can help with these costs. Thank you dear friends in Tonbridge.

3 former Bishops of Cyangugu

Consecration of new Bishop of Cyangugu
